**Cc:** Frilling, Tara  
**Subject:** Tax Hike - Public Hearing Testimony

Dear Senator Fasano and Representative Klarides:

I'm not sure what you all are thinking, but as an owner of a small business in this state supporting larger businesses. We are seeing companies and people, the makers of our state start to make moves to leave the state this includes myself. As the State & Local taxes continue to climb with out restraint the burden on the makers in the state becomes a competitive problem for us. Keep in mind as the makers leave the state for Lower taxed states you are left with less taxes to run your liberal programs. Don't get me wrong I'm all for paying my fair share but when I see that we haven't made a serious attempt at cutting state spending I have a problem...Let hope you can put together a real budget that includes cuts. like every small business and family has to do to in this state to survive over the past 10 years.. Get Grip Ladies Gentlemen bribing large companies to stay will only last so long allowing them more time to move jobs out of the state the solution is to reduce the cost of doing business here and stick to it long term..
