Dear Senator Fasano and Representative Klarides:

Can't afford health care, utility costs, and no more tolls or taxes. We're seriously thinking of moving to one of the top 10 cheapest states to live. FL is one. \$1300 a month on BCBS. It's too much. Does every tree shading the highways and roads have to be cut down, do we have to mow every bit of highway edge? Trees fall, we can't sanitize nature that's helping with climate change. Thank you for this opportunity, Senator Markley
