Subject: Tax Hike - Public Hearing Testimony

Dear Senator Fasano and Representative Klarides:

I do believe in this point of time NO NEW TAXES Put the tolls on the Connecticut roads we are the gateway to New England Allow new casinos to be built and get the revenue off the tables not only the slot machines. STOP Malloys giving all these pat raises to employees. Need to review all cost over runs this state is lax in persuing. Need to give more jobs to instate to contactors who do business here. Please help our senior citizens with NO NEW TAXES
