Subject: Tax Hike - Public Hearing Testimony

Dear Senator Fasano and Representative Klarides:

The main reasons not to raise taxes again are

- 1) They did it 2 years ago and it didn't help, we are in the same boat
- 2) Governor promised during the election that budget was fine and would not need to raise taxes. He should resign as his election was obviously a fraud
- 3) Ct is already one of the highest taxed states in the country and the lowest in economic growth. There is a direct correlation to these two facts.
- 4) John F Kennedy stated over 50 years ago that government can never raise taxes enough to pay for its "needs".
- 5) The income tax and previous tax increases have caused a migration of well to do people(taxpayers) to move. Increasing taxes again will cause more taxpayers and businesses to leave the state producing another Detroit.
- 6) It hasn't helped in the past, how will it help now? Isn't that the definition of insanity?
