Dear Senator Fasano and Representative Klarides:

The taxes in CT are unbearable to those who live here and small business. I know many shops that have closed up because of the taxes.

I am looking at moving out of state permanently due to the Tax situation -- I feel we've reached an "Atlas Shrugged" moment.

If you have another tax increase, you can have it without the help of my tax dollars! I am on strike, and voting with my feet.

You will soon have the very rich and the very poor in the state, lets see how long the rich stay around with the burden you are placing on us.
