Subject: Tax Hike - Public Hearing Testimony

Dear Senator Fasano and Representative Klarides:

When will our elected officials wake up and realize uncontrolled spending will not help the working class people they have sworn to protect. It is easy to spend someone else's money when there is no limits. The governor said no new taxes but the fees certainly keep going up. So why not tighten your belts like the rest of us and get the state's fiscal house in order. It will hurt some more than others, but when the state declares bankruptcy, who is really going to feel the pain. Certainly not the elected so called officials.
