Subject: Tax Hike - Public Hearing Testimony

Dear Senator Fasano and Representative Klarides:

I am dismayed to hear that Connecticut tax payers are to be hit with yet another huge tax increase to the tune of \$2.4 billion.

What on earth is going on? Why can't this administration control its spending and where is this taking our state?

Am I remembering correctly that prior to the recent election we were assured that we would not be facing more tax increases, and that the same promise was made prior to the previous election after which we saw the biggest tax increase in CT history?

There is something very wrong when our citizens are seen as "money trees" that can be harvested as the state sees fit. We are losing our freedoms in a number of ways including the freedom to spend the product of our individual labors as we see fit, this will not end well!

I fear for our great nation and this beautiful state if spending cannot be brought under control.

For the sake of our citizens there should be no increases in taxation in this state that is already way over-taxed.

Sincerely,

David and Patrizia Roberts.
