Subject: Tax Hike - Public Hearing Testimony

Dear Senator Fasano and Representative Klarides:

As a person who owns his own business I am being squeezed enough with all the various CT State Taxes and Fees. On top of that having to pay for health benefits that come with a \$470 month premium and \$6000 deductible.

It is time that this State stop with its big government practices and have the courage to the right thing or CT is doomed. Legacy costs for pensions and health benefits on top of having too many State employees on the "dole" is suffocating this State's ability to do what it needs for long-term sustainability.

Enough - do something about the horrific management of our tax dollars and start trimming State Government.
