Subject: Tax Hike - Public Hearing Testimony

Dear Senator Fasano and Representative Klarides:

Most of the state D.O.T. sites have new buildings. What is the purpose for the tax hikes? I am positive that it is not needed.

State workers already get paid more than they should. State job performance is DOWN. There is a state project going on here in Deep River which is taking way too long and the workers are usually just standing around. Exit 5 in Deep River has been under construction for over a year and the project should have been completed months ago. Some days the guys are not even there... NO NEW TAXES!!!
