Subject: Tax Hike - Public Hearing Testimony

Dear Senator Fasano and Representative Klarides:

As a senior citizen I am tired of having the taxes raised. I am 68 yrs of age and cannot retire due to expense of living in this state. My wife is 66 yr of age and she also has to work fulltime. We cannot afford to pay for medical insurance out of our social security. Stop making us pay for your spending. We don't need taxes to be raised we need to stop spending.
