**Subject:** Tax Hike - Public Hearing Testimony

Dear Senator Fasano and Representative Klarides:

Senators,

I work on the lower end of the pay scale and feel the bite of any additional taxes felt immediately in my wallet. As this additional raise may raise property, income, and the sales taxes their very existence will continue to actually prevent me from saving for my personal retirement as I near that approximate age in my life. We are at the crossroad where a move to another more sympathetic less burdensome tax state like New Hampshire maybe in order to actually save for my retirement. Please cap these proposed tax increases before we see another major exodus departing this state to escape the oppressive tax burden levied on all future Connecticut residents.

Sincerely

Henry W Burnell Jr
