Subject: Tax Hike - Public Hearing Testimony

Dear Senator Fasano and Representative Klarides:

Most seniors are having a hard time now between the Fedral, State, and Town Taxes. Everyone seams to forget about the Old on a fixed income, we have to pay the same Taxes as a person that is working and getting raises and other benefits. There's know break on Gas, Food, Clothing, seniors pay the same. If you want to save the State some money and cut Taxes, stop giving money to WELFARE, FOOD STAMPS, young women having baby's. I know young people that say why should I work when I get all this from the State, if I went to work I wouldn't get that much more. Just don't give money away make people earn it. Also you have to take a drug test befor you can get money for the State, just like people at the regular work place. It has to stop some time, why not now. Someone has to have the B_ _ _ s to do this, not just keep raising TAXES
