Subject: Tax Hike - Public Hearing Testimony

Dear Senator Fasano and Representative Klarides:

I am tired, tired, tired....! This legislature, if new taxes are approved, will go down in Connecticut's history as one of the crummiest. We have been watching the state's revenue going to waste in so many initiatives and adventures under the guise to promote progress that not a month goes by without another embarrassing failure. Mismanagement of funds, corporations abandoning communities for another state, bad deals done behind closed doors in the middle of the night. And now not enough revenue. Really? Why re-elected every election is incomprehensible. This time we the people are watching. Hiding the truth will not work and will not take your overreaching anymore at the polls.
