**Subject:** Tax Hike - Public Hearing Testimony

Dear Senator Fasano and Representative Klarides:

I am a single, small business owner and just getting used to the last round of taxes which have burdened me. I grew up in CT but finding is very difficult to live here any longer. Governor Malloy has raised taxes since elected and the democrats in the house keep passing them. How many people will need to leave our state before they listen. Trim the fat in Hartford and stop taxing us.
