Subject: Tax Hike - Public Hearing Testimony

Dear Senator Fasano and Representative Klarides:

The message I have received from the Legislature and the Governor is that all state employment contracts and related benefit packages are "off the table". The biggest cost component in the budget needs to be cut, and cut now. It seems no individual from the governors office on down has the intestinal fortitude to take the necessary stand, this while more residents move out and the legislature offers more taxes to gloss over the mistakes of the past. This state is in serious financial trouble and appropriate action needs to be taken now, make it happen.
