Dear Senator Fasano and Representative Klarides:

Every year, I respond to inquiry's regarding the overburden taxes in this state imposed on it's citizens, it seems to no avail. Here we go again.....This state is just too expensive if you are 1)senior citizen, 2)Middle class (wasn't it all about helping the middle class). If your wealthy or poor you manage to survive. Our state government just (tax and spend) what about cutting spending. More people move out of Ct. then come in, this is a fact. People are forced to leave this state to find a better life, where more of their hard earned money stays in their pockets.
