Subject: Tax Hike - Public Hearing Testimony

Dear Senator Fasano and Representative Klarides:

We can not keep raising taxes and other income. When does it all end - when we send out entire paycheck to the state and federal tax machine? We will drive more and more people away from this state and be left with with only people who collect money from the state. We need to lay off state workers, reduce the size of goverhnmnt, stop the handouts and give a-ways. My plan is to spend 2% less than we did last year (not reduce the increase by 2% - we are not stupid!), for each of the next 5 years. Across the board cuts on salary, benefits, headcount etc. After all we have just endured this in the private sector since 2008. Our wages have been going down and fewer people are working full time. The same needs to happen in government.
