Subject: Tax Hike - Public Hearing Testimony

Dear Senator Fasano and Representative Klarides:

Enough is enough!! Connecticut is one of the highest taxed states as it is and as a retired couple it is not a friendly state to live in after retirement. It also is NOT a business friendly state. Everyone is bailing out and going south to live. If they keep raising taxes, the only ones left here will be the politicians and those that are getting all the handouts. Its the same in Washington, spend, spend, spend!!! Don't worry, the taxpayer will pay for it. Tom Foley was right stop the spending!! Malloy was the one who spent the money on the busway, which I opposed also, and whatever else he wanted to, let him pay!!!
