Dear Senator Fasano and Representative Klarides:

Our (Hartford) business is struggling under the current tax tax structure. We are assessed the highest property taxes in the state because all of the non-taxable state property. We have had to downsize considerably to try to make ends meet since 09. If by some miracle we could turn things around and turn a profit, the loss of a loss carry forward would add insult to injury. Please do not increase or create any new taxes on any or especially small business!!
