Subject: Tax Hike - Public Hearing Testimony

Dear Senator Fasano and Representative Klarides:

The state of CT has to start spending OUR money they already take in in taxes more responsibly. The corruption, theft, waste and lack of oversight for results from our elected officials and state employees is the root cause of many fiscal problems. Any business that operated like the state of CT operates today, that business would cease to exist in very short order. I would bet that your personal businesses and households are not run so shoddily as that of this state. UCONN Law school, Rte 84 Cheshire, Hartford police ammunition, missing state computers, John Rowland union debacle...just a few off the top off the to of my head.
