Subject: Tax Hike - Public Hearing Testimony

Dear Senator Fasano and Representative Klarides:

It is ridiculous that the State government cannot balance its budget after the incredible tax hikes of recent years. It is like a mega-lottery winner ending up in the poorhouse. Spending needs to be curbed. The excuse that the increases are out of your control because of union agreements is absurd - you are the legislative body. If the laws you enacted (such as collective bargaining) are tying your hands, then make the necessary modifications. You have control - use it to control spending!
