Subject: Tax Hike - Public Hearing Testimony

Dear Senator Fasano and Representative Klarides:

We do not need anymore new taxes. Connecticut needs to live within its means and not continue to spend friviously. If you and I have a budget and we don't have the money we simply go without that item.

The Governor and all his commissioners should take a 25% paycut and the unions should give back 10% of their pay especially their leaders.

It is time to stop depending on the working people to pay the way for those who choose not to work or pay their fairshare.
