Subject: Tax Hike - Public Hearing Testimony

Categories: Red Category

Dear Senator Fasano and Representative Klarides:

CT residents had to endure the highest tax increase in state history 3 years ago, and we already paid on average some of the highest taxes in the country! Those living in Fairfield County who work in NY City may be able to afford another tax increase, but most of the remainder of state residents can't. I can honestly say that the last tax increase hurt me personally, and I am firmly middle class. I now have less money each month to spend on food, housing and gas for my car. Another tax increase will hurt all middle class residents who are already struggling like me to make ends meet. CT legislators should focus on fixing the economy in this state and creating private sector jobs, instead of implementing policies that make residents suffer more.
