Dear Senator Fasano and Representative Klarides:

Between all of the different taxes we pay here in CT, we already have among the highest in the state, this and other recent political foolishness from "the left" would have sent me out of state if not for family reasons. There are likely many more like me who have no reason to stay...this will push more people out. Add to this the fact that jobs have also left since that recent foolishness...and the waste of over \$500M on a busway that will never pay for itself...CT is no longer the great state that it used to be.
