Dear Rep. Zawistowski,

Thank you for emailing me about the upcoming State Budget. Please consider this email as my testimony in lieu of an appearance at the republican public hearing. I am in support of the Governor's Budget. I do not consider personal incomes above \$500,000 to be middle class, and based on the attached editorial, I do not see where the budget would hurt the middle class.

Thank you for considering my opinion.

Sincerely,

Susan Ledger
