Subject: Tax Hike - Public Hearing Testimony

Dear Senator Fasano and Representative Klarides:

Property taxes are highest in the Nation, overall CT taxes are in the top 8 in the Country, we are losing jobs, people are emigrating to the South and West, businesses are leaving the State, and we want to add another \$2.4 billion dollar tax burden on taxpayers and companies?? Stop the madness and begin to systematically REDUCE taxes in order to restore competitiveness and affordability to our State.
